

## PROJECT BULLETIN

### MURPHY PROVIDE SCHOOL WITH OUTDOOR SPACE AND UNIFORMS

J. Murphy & Sons Limited has recently completed works transforming the grounds of NexGen Academy, in Dovecot, Liverpool, into a useable outside space that will create a positive working learning environment for the students and staff.

The new grounds blend natural areas, environmental features and plants to interest children in learning about nature and its elements. Important features included the overhaul of unstructured spaces and providing areas for activities for creative learning and spontaneous play.

In addition, funds are being donated for the supply of a school uniform as part of an initiative set up by the children involved in the school committee.

This was a great opportunity to give back and support our local communities. Well done to all involved.
